Verse:

A moment up upon that cross
Gave an eternity of love and life for us
How great this gift for us to see
The inheritance of love upon that tree
All of creation bows
In reverence to The King

Chorus 1:

Salvation won
The promise of the Father has come
The face of love
The Man who bought the world
With His own blood
Christ the risen Saviour has won

Verse 2:

The King of Kings who took our fall
The greatest injustice showed
The greatest love of all
The wages of sin, the Son's expense
But by His blood our tainted hearts
Were healed and cleansed
The author of life
Was put to death and rose again

Chorus 2:

Salvation won
The promise of the Father has come
The face of love
The Man who bought the world
With His own blood
Christ the risen Saviour has won
Christ the risen Saviour has won

Bridge: - (4X)

So we sing, Hallelujah
For He lives, Hallelujah
We praise the Saviour King, Hallelujah
Christ is risen

Chorus 2:

Salvation won
The promise of the Father has come
The face of love
The Man who bought the world
With His own blood
Christ the risen Saviour has won
Christ the risen Saviour has won
