Verse 1:

I know You are here
With me in my thoughts
Silencing my fears
Surrounding me in peace
Wash away my sin
Make me new again
Jesus You are here
Purify me once again

Chorus:

You're healing all my heart and soul
Breaking every chain in me
No sin or death has hold on me
Now Your grace has set me free
So I'll praise You for all of my days
Oh I'll praise You whatever comes my way

Verse 2:

I know You are here
Sweeping through this place
Redeem me from my past
You meet me where I am
With me in the calm
Even in the storm
Jesus You are here
Purify me once again

Chorus:

You're healing all my heart and soul
Breaking every chain in me
No sin or death has hold on me
Now Your grace has set me free
So I'll praise You for all of my days
Oh I'll praise You whatever comes my way
