

JESUS YOU ARE MY ALL

When I fell like I am falling
You lift me up when I am drowning
I love You, I'm inlove with You

When I need a hand to guide me
You are there just to remind me
I'm not alone

And I give it to You
All alone in my heart
I give it to You
Jesus where would I start
I give it to You
The lover of my soul
I give it to You
Jesus You are my all

And I give it to You
Your my praise and my song
I give it to You
Heaven's where I belong
I give it to You
The lover of my soul
Jesus You are my all

Jesus kept away my sin
Jesus kept away my sin oh Lord
Take my guilt away
Jesus take my shame away
It's You my Lord
Only Jesus You are my all
Take my guilt and shame away
Take my sins away
It's no longer from now on

When I feel I like I am falling
You lift me up when I am drowning
Inlove with You, I love You

When I need a hand to guide me
You are there just to remind me
I'm not alone

And I give it to You
All alone in my heart
I give it to You
Jesus where would I start

I give it to You
The lover of my soul
I give it to You
Jesus You are my all

And I give it to You
Your my praise and my song
I give it to You
Heaven's where I belong
I give it to You
The lover of my soul

I give it to You
All alone in my heart
I give it to You
Jesus where would I start
I give it to You
The lover of my soul
I give it to You
To You

I give it to You
All alone in my heart
I give it to You
Jesus where would I start
I give it to You
The lover of my soul
Jesus You are my all
Jesus You are my all
Jesus You are my all
