### **Verse 1:**

At times when you feel alone  
And everything just seems wrong  
You try to stand on your own  
But you can't do it alone

### **Verse 2:**

There is someone who cares  
He can make a way  
Broken hearts, broken dreams  
Surrender all to Him

### **Chorus: - (2X)**

Just give your burdens to God  
And cast your cares unto Him  
He's right there waiting for you  
Just let it go and let God
