Verse 1:

In every single breath, You're there
In every single step
You're the lamp unto my feet
And I don't have to worry 'bout a single thing
'Cause being here with You is everything

Verse 2:

You see right through the mess in me
You cleanse me from my shame
Wash me off my sin and guilt
You're the way, the truth
The life to eternity
In You, I am restored, renewed, complete

Chorus:

I will worship You in surrender
You have changed my life forever
For here with You I've found the answer
That You
You are all that matters
You
Jesus there's no other
You're my living water

Verse 3:

The old is gone, the new has come
In You, I am made new
No one else could ever do
You have found my heart
And You have only just begun
So work upon my heart what should be done

Chorus:

I will worship You in surrender
You have changed my life forever
For here with You I've found the answer
That You
You are all that matters
You
Jesus there's no other
You're my living water

Bridge 1:

Lord Your power lives in me
Send me out for all to see
Let Your love flow through me
Lord Your power lives in me
Send me out for all to see
Let Your love flow through me

Bridge 2:

'Cause nothing in this world
Could satisfy my thirst
You've seen me at my worst
But still You loved me first
Nothing in this world
Could satisfy my soul
Now, I finally know
It's You that makes me whole

Bridge 3:

Nothing in this world
Could satisfy my thirst
You've seen me at my worst
But still You loved me first
Nothing in this world
Could satisfy my soul
Now, I finally know
That nothing makes me whole
