Verse 1:

I've searched in different places
A life beyond I see
A way cut out for greatness
A path that's fit for me

Verse 2:

There's a hope in the horizon
A life beyond the sea
There's a God who knows no limits
And He'll part the sea for me

Chorus:

I'll take off from this edge
From this fear
I'll step out into the deep
To the unknown
For I know He'll be there
If I should fall
He is true to what He says
He is true to what He promised

Verse 3:

I am walking in the freedom
That His grace will follow me
I can climb the highest mountain
Knowing mountains bow to Him

Verse 4:

I can tread the deepest waters
As I fix my eyes on Him
I can do all things through Jesus
For His power lives in me

Chorus:

I'll take off from this edge
From this fear
I'll step out into the deep
To the unknown
For I know He'll be there
If I should fall
He is true to what He says
He is true to what He promised

Bridge: - (2X)

I believe in His promise
All His plans are sure
I believe in His goodness
I will stand secure
I believe in His power
He will pull me through
I believe in His greatness
There's nothing He can't do

Chorus: - (2X)

I'll take off from this edge
From this fear
I'll step out into the deep
To the unknown
For I know He'll be there
If I should fall
He is true to what He says
He is true to what He promised
