We stand before the grand horizon
500 years of faith grateful today
We bear the gift of mission
Totally Yours we give ourselves
Faithfully Yours until the end
To Your mission Lord
We give our yes

Go where the sun rises above the hills
Share the Word and serve those who are in need
Let the morning star accompany your way
Spread the fire of mission for the Lord

We stand before the grand horizon
500 years of faith grateful today
We bear the gift of mission
Totally Yours we give ourselves
Faithfully Yours until the end
To Your mission Lord
We give our yes

We are gifted to give and live our gifts
Mercy, compassion, justice and peace
The sign the world today will come to believe
Is the love we have for one and all

We bear the gift of mission
Mercy (mercy), compassion (compassion)
Justice (justice) and peace

We stand before the grand horizon
500 years of faith grateful today
We bear the gift of mission
Totally Yours we give ourselves
Faithfully Yours until the end
To Your mission Lord
We give our yes (We give our yes)

To Your mission Lord (to Your mission, Lord)
To Your mission Lord
We give our yes
We give our yes
