### **Verse 1:**

God if You're willing  
Take it away  
This suffering and pain  
Take them away from my hands

### **Verse 2:**

But God if this burden  
Uncovers Your plan  
I trust in Your ways  
I'll take it with my open hands

### **Pre-Chorus:**

Oh God I want only what You desire  
Oh not my will Yours alone will be done

### **Chorus 1:**

I embrace this cross  
Just as You Lord have done  
This is not the end  
You will turn this around  
This breaking into glory  
These thorns into my crown  
For I know You'll overcome  
Not my will but Your will be done

### **Verse 3:**

God when You whispered  
It's finished it's done  
My new life began  
In You there is hope that I found

### **Pre-Chorus:**

Oh God I want only what You desire  
Oh not my will Yours alone will be done

### **Chorus 1:**

I embrace this cross  
Just as You Lord have done  
This is not the end  
You will turn this around  
This breaking into glory  
These thorns into my crown  
For I know You'll overcome  
Not my will but Your will be done

### **Bridge:**

When my plans don't go my way  
I will trust in Your Ways  
All the more will I praise  
When my pain is far too great  
I will trust in Your Ways  
All the more will I praise  
For your goodness never ends  
I will trust in Your Ways  
You alone will I praise  
God Your love it never fails  
I will trust in Your Ways  
You alone will I praise

### **Tag:**

For once You've overcome  
You conquered the grave and the cross  
And I know You'll overcome  
Not my will but Your will be done

### **Chorus 2:**

I embrace this cross  
Just as You Lord have done  
This is not the end  
You will turn this around  
This breaking into glory  
These thorns into my crown

### **Tag:**

For once You've overcome  
You conquered the grave and the cross  
And I know You'll overcome  
Not my will but Your will be done
